

LNG 212: 形態論 **Morphology**

Time/Place: TH 15:10-19:00
Instructor: Toru Ishii (tishii@kisc.meiji.ac.jp)
Office Hours: By appointment

Prerequisite:

LNG 101 and/or L211 Linguistic Analysis (or equivalent)
Please talk to the instructor if you have not yet taken these courses.

Textbook:

Katamba, Francis and John Stonham. 2006. *Morphology*. Palgrave

Course Description:

This course is an introduction to the study of the internal structure of words, providing an overview of contemporary morphological theory and analysis. Topics include the definitions of morpheme and morph, types of morphemes, word formation processes, productivity in word formation, and the morphology-syntax interaction (inflectional morphology and morphological mapping of grammatical functions).

Requirements:

1. Regular class attendance and active participation in discussion
2. Assignments
3. Midterm and Final Exams

Learning Goals:

Upon completion of this course, students are expected to analyze words in any languages in the world in a scientific manner.

Policy on Assignments:

You may work together on assignments, but all assignments must be written up separately in your own words. No late assignments are accepted.
